Re: Five-Year Review of Reclamation Surety Estimate, Keigley Quarry, M0490001.

Dear Ms. White:

Staker & Parson Companies is in receipt of your letter dated December 12, 2006 requesting a five-year review of reclamation surety estimate, Keigley Quarry, M0490001.

We ask that the date of January 12, 2007, to turn in required mapping, be extended to March 31, 2007. The requested extension will allow us to complete the data we have obtained (recent aeriels with topographic detail) and incorporate the data into the updated maps you require for this site. When we have the draft maps, we will call the Division of Oil, Gas, and Mining to review our maps prior to officially submitting them for your records.

We appreciate your patience. Please notify me if you have any further questions.

Sincerely,

Staker & Parson Companies
